

Welcoming Statement Approved

First United Methodist Church of Pflugerville was created as a community dedicated to worshipping God together and extending God's love to all to make new disciples of Jesus Christ. Our core values of Love, Family, Outreach, Spiritual Growth, and Hope were confirmed again on November 5, 2019, when our Administrative Council, guided by the Holy Spirit, overwhelmingly adopted a new Welcoming Statement for our Church.

As a church family, we feel it is critical to extend a welcome to all persons and reach out specifically to groups who have been marginalized in our society.

First United Methodist Church of Pflugerville welcomes all with this invitation:

We are driven by the shared belief that all persons are of equal sacred worth in Christ. We are a faith community of diverse ages, sexual orientations, gender identities, racial identities, physical and mental abilities, and ethnic backgrounds. We humbly seek to be in relationship with God and All Persons, including our LGBTQIA+ siblings, who we may have mistakenly hurt and rejected in the past. We welcome, affirm, and advocate for everyone—without exception—to participate fully with us in the life and ministry of the local and global Methodist Church.

Come and see how welcome you are!
